ABOUT US

### LNCT Group of colleges ...

Born in semi urban city of Bilaspur (C.G.), Shri Jai Narain Chouksey, completed his post graduation from Robertson College, Jabalpur. He established Lakshmi Narain College of Technology (LNCT), Bhopal in 1994 under the banner of H. K. Kalchuri Educational Trust. Since then, With the commitment of "Working Towards Being the Best", LNCT Group has achieved many milestones.

The institute is successfully meeting the objective of producing skilled manpower of the highest quality who is able to cope up with the challenges of ever evolving industrial needs of the country. The Alumni of LNCT Group are working all across the Globe in Big Multi National Companies.

Today, LNCT Group is one of the Largest and most preferred Educational Group for Engineering, Management, Pharmacy, Medical with ISO-9001 certification and NBA accreditation for many Engineering courses.. Bright young students from all across the country are coming to fulfill their dream in this group.

The LNCT Campus at Bhopal is spread over a lush green environment of approx. 50 acres. The campus constitutes of many buildings that houses the academics and research centers. In addition to this, the academic building has tutorial rooms, lecture halls, computer and electronics labs and offices of the administrations and faculty. The campus is fully equipped with facilities like Wi-Fi, central library (digital library, Internet lab), digital classrooms, hostel, mess, Central workshop, Auditorium Sports Ground etc.

## Shri J. N. Chouksey

Chairman, LNCT Group of Colleges,  
Chancellor, LNCT University, Bhopal

### *Dear Students, Faculty, and Staff,*

As we look back on another remarkable year at LNCT Group, I am filled with immense pride and gratitude for the achievements and dedication that define our institution. This annual magazine serves as a testament to the remarkable journey we have undertaken together.

Throughout the year, we have witnessed exceptional academic achievements, outstanding extracurricular activities, and a spirit of innovation that sets us apart. Our students continue to excel in their pursuits, our faculty members inspire with their knowledge and our staff ensures the smooth functioning of our institutes.

I would like to extend my heartfelt appreciation to all of you for your unwavering commitment and hard work. Your efforts have not only shaped the present but also hold the promise of a brighter future for our group.

In the pages that follow, you will find glimpses of the vibrant and diverse activities and events that have colored our academic landscape. From academic excellence to cultural celebrations, from sports triumphs to community outreach initiatives, each page of this magazine reflects our shared journey of growth and achievement.

As we embark on a new year filled with possibilities, I extend my warmest wishes to each one of you. May your aspirations continue to soar and may our institute scale new heights of excellence.

Thank you for being an integral part of the LNCT Group family. Together, we create the magic that defines our institutions.

Warm regards,

## Dr. Anupam Chouksey

Secretary - LNCT Group  
Chancellor - JNCT Professional University  
Pro-Chancellor - LNCT University

### *Dear Members of the LNCT Group,*

It is with great pleasure that I welcome you to the VOICE OF LNCT, a compilation of the remarkable journey we have undertaken together over the past year. Voice of LNCT not only captures the essence of our institute but also serves as a testament to the collective efforts of our dedicated community.

Our institute thrives on the energy, enthusiasm and dedication of its members and this year has been no exception. From academic excellence to cultural diversity, from research breakthroughs to creative expressions, we have seen it all.

The pages that follow are a vivid reflection of our institute's vibrant tapestry. Each event, each achievement, and each moment of learning is a thread in the fabric of our shared experience.

I would like to express my gratitude to every student, faculty member and staff member who has contributed to making LNCT Group, the extraordinary place it is. Your commitment to excellence has been the driving force behind our success.

As we turn the pages, let us not only celebrate our accomplishments but also look forward to the exciting opportunities that lie ahead. Together, we will continue to write the success story of our Institutions.

I extend my best wishes to all of you for a prosperous and fulfilling year ahead.

Warm regards,

# LAKSHMI NARAIN COLLEGE

### Poster Making Competition - 2023

The IIC of LNCT&S organized Poster Making competition to celebrate "National Youth Day 2023" and to commemorate 160th Birth Anniversary of Swami Vivekananda Ji. The event was conducted on 12th January 2023 (Thursday).

A total number of 55 participants from different colleges of LNCT GROUP (LNCTS, LNCP, SOA) participated in the event with great enthusiasm and zeal. They

beautifully presented their idea on the theme Youth's Contributions to Society through their posters.

### Publication

The book is designed to serve as a textbook for fourth semester and fifth semester course of the undergraduate students of Computer Science & Engineering and Cyber security of Rajiv Gandhi Proudhyogiki Vishwavidyalaya. This highly structured and well-organized text provides the design techniques of algorithms in a simple and straightforward manner. It

describes the complete development of

various algorithms along with their self-explanatory pseudocodes supported by worked-out examples in order to have better understanding of algorithms. This book has been authored by Dr. Bhawana Pillai, Prof. Priyank Nayak, Prof. Priyanka Singh, Prof. Vijendra Palaash.

### Expert Lectures

Department has conducted the expert lecture, dated 17th February 2023, on the Topic "Backhaul of 5G Mobile Technology". The expert "Er. Amit Khare", Sub-division Engineer, BSNL, Bhopal, has facilitated the student by introducing the infrastructure of the upcoming technology. He elaborated that the backhaul refers to the network infrastructure that connects the base station (also known as the cell site) to the core network. In the case of 5G mobile technology, backhaul plays a critical role in delivering the high-speed data transfer and low-latency performance that 5G promises.

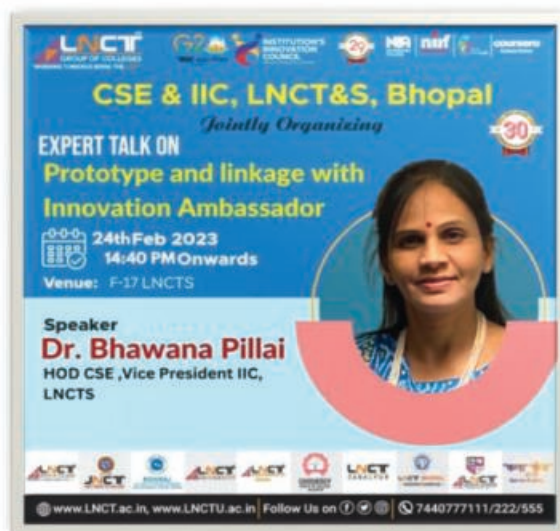

The speaker elaborated that, one of the key technologies used for 5G backhaul is fiber-optic cables. Fiber-optic cables offer much higher data transfer rates and lower latency compared to traditional copper cables or wireless links. However, deploying fiber-optic cables can be expensive and time-consuming, particularly in rural areas or densely populated urban areas.

## Poster Making Competition - 2023

Department in collaboration with IIC has organized an expert talk on "Prototype Developed and Linkage with Innovation Ambassador". Dr. (Mrs.) Bhawana Pillai, HoD CSE, LNCTS & Innovation Ambassador talked about prototype development and the ways one can take into consideration viz. Potential risks, Chances for Scalability and various Repository Platforms which are needed to scale a business.

The students were highly satisfied with the session as they gained a lot of information regarding the Prototyping and Business Plan. More that 64 students from various streams attended the session

## Painting Competition

A Painting Competition on the theme 'Green Development, Climate Change, Lifestyle for Environment, Technological Transformation' was organized on 27feb, 2023 by Lakshmi Narain College of Technology and Science, Bhopal under IIC and G-20 Activity for dissemination of information about the significance of India's G20 Presidency. In the event around 20 Diploma polytechnic and Degree, BTech students participated and the winners were felicitated with certificates. While addressing the felicitation ceremony, Dr. AmitbodhUppadhyay, President IIC, Dr. Ashish Khare, Vice President IIC Dr. Bhawana Pillai, IIC Convener and HOD Computer Science &Engg. Dr Sunil Phulre HOD CSE AIML and Dr Neetesh Kumar Gupta HOD Cyber Security explained the fact that helps in education and society. Dr AmitbodhUppadhyay President IIC, further added that societies and educational institution work for events like these .. are organized for the youth to aware with the importance of education and innovation towards the environment.

## Incubation Cell Visit

The students of CSE IV Semester visited a startup incubation center on 28th February 2023, providing guidance and mentorship to budding entrepreneurs. The visit was organized by the Department of Computer Science (LNCT&S) to offer support and networking opportunities to its students.

The students who participated in the visit expressed their gratitude for the opportunity to meet and learn from the experts. They highlighted the value of receiving feedback and guidance from seasoned professionals and how it helped them gain a better understanding of their business models and target markets.

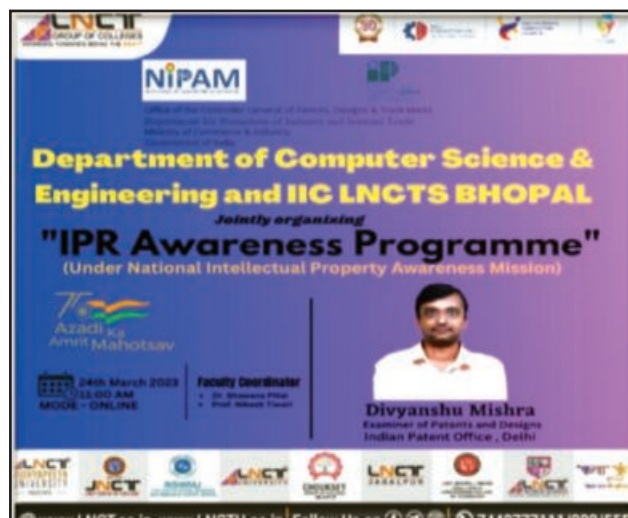

The incubation centre's management team said that they were pleased with the outcome of the visit and plan to organize similar events in the future. "Our goal is to create an ecosystem that nurtures innovation and supports entrepreneurship".

### Expert Lecture on "Intellectual Property Rights"

Department conducted the expert lecture on "Intellectual Property Rights" on 24th March 2023. This Expert lecture was delivered by Mr. Divyanshu Mishra, Examiner of Patents and Designs, Indian Patent Office, Delhi. Dr. Bhawna Pillai, Head of the Department LNCT&S. Bhopal, delivered the welcome speech. Mr. Divyanshu Mishra emphasized on how Important IPR is and what are the various types of IPR available around the globe. Students got to know detailed information about how an IPR can be renewed and how infringement of it can be caused by unauthorized personnel. Mr. Mishra explained different types of IPR by citing many examples to make students understand it thoroughly. Students got to learn many new things and all of their doubts were resolved by the expert. All the faculties and students of B.Tech. (All Branches) attended the lecture with great interest.

## Conduction of Crossword Competition on "Technology Development and general awareness"

A Crossword on the theme 'Technology Development and general awareness' was organized by the Department of CSE/CSE- CYBER/CSE- AIML on 31st March 2023, under IIC and G-20 Activity for dissemination of information about the significance of India's G20 Presidency. In this event around 40 students of CSE, CSE- AIML, CSE-CYBER SECURITY participated and the winners were felicitated with certificates. This crossword puzzles were meant to test, challenge and push the students in ways that are both rewarding and satisfying. It is ideal for those who enjoy learning about technical words. All it takes is some dedicated focus on fundamentals and working the clues. Crosswords are a great way to unwind and also keep the mind sharp and engaged. The event was coordinated by Prof. Priyank Nayak, Prof. Vijendra Palash, Prof. Neerja Dubey.

## Expert Lecture

### on “Machine Learning and its Application in different Domain”

Department conducted the expert lecture on "Machine Learning and its Application in different Domain" dated 8th April, 2023 at Lakshmi Narain College of Technology and Science, Bhopal in association with IIC Cell LNCT&S for the students of B. Tech. CSE/AIML/CYBER SECURITY and Diploma CSE. The Guest Speaker of the event was Dr. Mahesh Gour Data Scientist in SIVI Soft Solutions who imparted knowledge of ML, Data Science, projects based on new technologies. It was explained to students on the need to remain calm in adverse situations and handle the problems. In data science, ML is used to build predictive models that can help organizations make better decisions, identify trends, and gain insights into their data. To effectively use ML in data science, it's important to understand the various ML algorithms and their strengths and weaknesses, as well as how to properly prepare and preprocess data for analysis. The program was coordinated by Prof. Vishwa Gupta, Prof. Parag Sohoni, Prof. Khushbu Rai, Prof. Neerja Dubey, Prof. Priyanka Parihar, Prof. Vijendra Palash, Prof. Surya Pratap, Prof. Mahesh Prajapati.

## Alumni Talk

### on IPR & Campus Placement Preparation

Department organized a talk on 26th April 2023, in which LNCT & S alumni Mr. Gopal Kothari addressed the students regarding the importance of innovation & patents. For students and professionals, it's important to have a basic understanding of IPR and its implications, especially if they are working in fields such as engineering, technology, or creative industries. He also motivated for the placement preparation and told them that it's important to start early and prepare thoroughly in order to increase the chances of landing a job. Build the skills and knowledge in the respective field of interest by taking relevant courses, internships, or certifications.

In a talk around 352 students participated from LNCT'S, CSE, AIML & Cyber Security department of LNCT & S with an aim to highlight the importance and understanding of intellectual property (IP) & to promote creativity & innovation and guided the students to prepare a strong resume and cover letter that highlights your skills, experiences, and achievements.

## Conduction of Quiz Competition on World Intellectual Property Day

A Quiz Competition was held on the World Intellectual Property Day, 26th April 2023 by the Department of CSE/CSE- CYBER/CSE- AIML under IIC. In this event 57 students of CSE, CSE- AIML, CSE-CYBER SECURITY participated. All interested participants showcased their knowledge and skills. The quiz competition was a fun and engaging way to learn more about intellectual property and its importance in today's world. Ballabhi Rawat was the winner and Nupur Bhatewara and Prathmesh Mishra were the runner up in the competition. They were felicitated with certificates.

The event was coordinated by Prof. Khushbu Rai and Prof. Manisha Sen assisted by the student coordinators Nikhil Agrawal and Medhansh Agrawal.

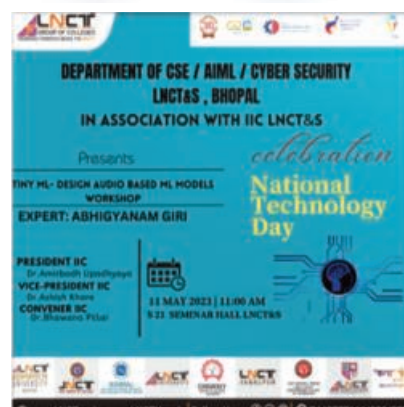

## One Day Workshop on “Tiny ML – Design Audio Based Models Workshop”

Department with IIC conducted the workshop on 11th May 2023 on the Topic “Tiny ML – Design Audio Based Models Workshop”. The expert Mr. Abhigyanam Giri gave an overview of the applications of TinyML, including healthcare, agriculture, smart homes, industrial automation, and wearable devices. It enables devices to perform on-device data analysis, decision-making, and autonomous behavior without relying heavily on cloud connectivity or external servers.

He mentioned that the researchers and developers in the TinyML field explore algorithms, tools, and frameworks to simplify the deployment of ML models on resource-constrained devices, making intelligent edge computing more accessible and efficient.

He guided them through the process of setting up the development environment. Walk participants through the process of deploying a pre-trained TinyML model on the hardware platform. He also demonstrated how to collect data, train a TinyML model, and deploy it on the hardware device for inference.

### Patent Published

The patent has been published on “An Artificial Intelligent based online marketing framework for prediction of product availability in retail environment using IOT” dated 26th May 2023, by Dr. Neetesh Kumar Gupta (LNCT&S/LNCT-E) and Dr. Ruchi Jain (LNCT&S).

The patent introduces an innovative AI-powered online marketing framework that integrates IoT technologies to predict product availability in a retail environment. By harnessing the power of IoT sensors and data analytics, this framework offers unprecedented accuracy and real-time insights for retailers.

The publication of this patent signifies a significant milestone in the field of retail marketing and inventory management. Its application has the potential to transform how retailers operate, optimize their supply chains, and ultimately provide a superior shopping experience to customers.

## DEMONSTRATION OF DGPS INSTRUMENT FOR SURVEYING

Mr Faisal Shahi delivered a live practical demonstration of DGPS Instrument. DGPS is the latest Instrument of Survey which gives an accuracy of 7 mm. Dr Anil Kumar Saxena formally welcomed the Expert on the ground itself. The students of 6th Semester and the Staff of Civil engineering both are attending this Live Practical Demonstration on 27th January 2023. Faculty as well as students were exposed to state of art surveying being practiced in the field. The session was interactive and quite useful in understanding survey fundamentals.

## EXPERT LECTURE

Mr. Yuvraj Namdev, a leading structural engineer delivered an expert lecture on "Design of beam, column and foundation using STAAD. Pro Software on 19th January in the department. He also briefed about the role of design engineer, process of approval, role of software in this regard. The session was interactive and quite useful for the students as well as faculty.

## INTERACTION UNDER THE SCHEME OF IIT, ROORKEE, NIT AND EQUIVALENT INSTITUTES

An interaction on 7th January 2023 was held at civil engg. Deptt wherein Professor S. K. Mittal, an expert in hydraulic structures briefed about the history of Roorkee and hydraulic structures built in and around Roorkee, which has helped in improving irrigation in the area. He also explained the salient features of these structures, which are considered milestone in the development of infra-structure for irrigation.

### STUDENT *Activities*

On 14th April 2023, the students of Civil Engineering at LNCT Group of Colleges organized a model competition as part of the Srishti 2023 event. The competition aimed to showcase the innovative and creative abilities of the students in the field of civil engineering.

The competition featured various models related to civil engineering, including earthquake-resistant buildings, smart cities, water treatment plants, and transportation systems. Each model was unique in its design and functionality and was created using the latest technology and techniques.

The judges evaluated each model based on various criteria, including innovation, design, functionality, and overall presentation. After careful consideration, the winners were announced.

Winners of the event "Model making competition based on Civil Engineering" are:

1. Bhakhra Dam -1st
2. New Bharat (Model of Railway station using Bamboo) - 2nd
3. Bascule bridge -3rd

The event was a great success, and it provided an excellent platform for the students to showcase their skills and creativity. The competition not only encouraged innovation and creativity but also helped students develop their problem-solving abilities and teamwork skills. Overall, the model competition was an excellent initiative by the Civil Engineering department of LNCT Group of Colleges, and it provided a glimpse of the bright future of civil engineering in India.

## STUDENT *Achievement*

Department of Electronics and Communication, LNCT Group of colleges in association with IIC and IEEE student branch LNCT organized a competition on Poster Presentation of Innovations on 10 February 2023. The theme of the competition was Innovations. In which 1st position was secured by Aaneza Zaheen of B.Tech CE LNCT Bhopal and Arin Singh Rajput of B.Tech EC LNCT Bhopal secured second position and third position secured by Khushi Gupta of B. Tech EC LNCT Bhopal. The enthusiasm of students was commendable throughout the competition.

## PROJECT APPRECIATION *Award*

## CPBFI TRAINING

The 96-Hour CPBFI Program! This comprehensive training took Students on an incredible journey through banking, insurance, communication skills, and self-management techniques with Denzil James sir, Vaibhav Dwivedi sir, Dinesh Jhariya sir, and Tejashri Damame mam for being exceptional mentors and trainers. Here are the highlights of this life-changing program:

### Course 1: Managing Self - SwaRoop

Through self-awareness and positive self-talk, students unlocked his true potential. Understanding emotions and developing effective strategies to regulate them transformed the way people handle challenges. The ABC Principle of REBT enhanced my decision-making skills, empowering students to approach situations with clarity and rationality.

### Course 2: Communication and Workplace Skills

Mastering communication skills went beyond words—it involved

active listening and empathy. Non-verbal expression and summarization techniques enhanced communication effectiveness. Students learned how to give and receive feedback constructively, handle difficult situations assertively, and gained powerful persuasion and influencing skills.

### Course 3: Overview of Banking

Exploring retail banking products and understanding customer needs broadened my knowledge. Students learned about transaction processing, customer service, compliance, ethics, and the future of banking. Inclusive banking and the role of NBFCs caught main attention, motivating everyone to be part of positive change.

### Course 4: Overview of Insurance

Understanding the significance of insurance and exploring retail products were eye-opening. Effective selling techniques and insights into insurance operations and customer service gave me a well-rounded view. Ethics, inclusivity, and profitability drivers ignited my passion to make insurance accessible and responsible for all. The 96-Hour CPBFI Program has been an incredible journey of personal and professional growth. I am deeply grateful for the opportunity to gain valuable knowledge and practical skills that will shape my future endeavors. Let's embrace the future with confidence and enthusiasm!

**Winners of the competition are :** 1st prize - Ananya Arya B-tech AIDS IIInd prize - Pragya Prakash B-tech AIDS III rd prize - Pranjal B Pharmacy

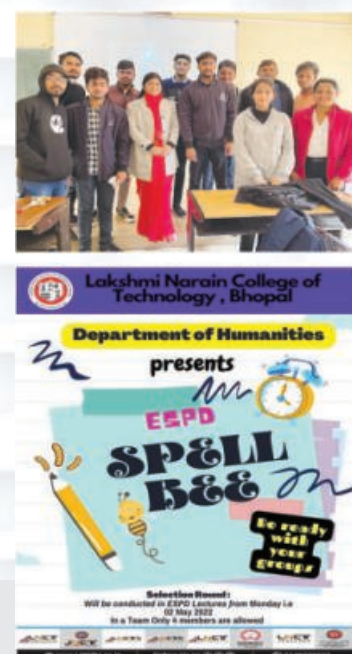

### SPELL BEE COMPETITION

**Date: 02.05.22**

The Spell Bee Competition which was held for all the Btech Ist Year Student aimed to create awareness of the possibilities of using varied words in oral and written expression and to add words to the active vocabulary of students. The competition was organised for classes I to VIII and it comprised dictation, choose correct spelling and frame sentences. A thorough orientation was done by the English teachers before the event in the format of the competition.

The objective of the competition was to enhance the spelling and literary skills of children by encouraging them to explore the English language, expand their vocabulary and improve their communication and comprehension skills. This helps students to improve spelling, vocabulary, learning concepts and pronunciation.

Teachers facilitated the smooth organization and execution of the event. Summing up, the competition helped the children to familiarize with the spellings and usage of many unfamiliar words.

## Activities

### Workshop

#### "Career Edge for Professionals"

Workshop on "Career Edge for Professionals" organized by Lakshmi Narain College of Technology Excellence, Department of Computer Science and Engineering and Department of Humanities, Resource Person, Dr. Anjana Tiwari, Professor, NITTTR Bhopal. 5th April 2023.

The reality is that a large section of the educated youth possesses limited or no job skills. Employability Skills are an integral part of most job roles in the economy today. Keeping this in mind, this workshop is organized with the sole aim to train the youth to be employable for Industry 4.0.

It is a widely accepted fact that knowledge of English is one of the keys to good job prospects and advancement. Moreover, most of the campus recruitment tests of various companies are focused on productive skills i.e speaking and writing. Therefore, this workshop is structured in such a way as to enhance the

communication skills of the students for better employability.

The workshop includes three sessions, of which speaking and writing will be the primary focus of the forenoon session and the afternoon session presents an overview of placement opportunities.

### 2. AARTECH SOLONICS Ltd Mandideep

Students of IV semester visited at AARTECH SOLONICS Ltd. Mandideep, Bhopal on 9 April 2022. In this trip they were exposed to a) 3D Printing process, b) Fast bus Transfer system, c) Control Relay panel, d) Ultra capacitors, e) WTC fully automatic composting machine and many other such applications. In total 40 students of second year participated.

### 3. NITTTR VISIT

On 22 July 2022 for the students of V semester visited at Center of Excellence NITTTR, Bhopal. Total 120 Students visited the following technical labs of NITTTR.

- I) Product design & validation II) Manufacturing process digitization
- III) Simulation optimization and testing IV) IOT V) CNC controller VI) Robotics VII) Industrial automation

#### 4. SOS Village

On the occasion of Birthday of our honourable Prime Minister on 17th September 2022 students visited to SOS children village, Bhopal an orphanage. Various activities and games were done with the children there.

#### 5. L M Bakers PVT Limited

An industrial visit to Manufacturing unit of L M Bakers PVT Limited, Mandideep Bhopal for 3rd semester on 6th September 2022.

## SEMINAR

#### 1. TRANSITION TOWARDS DATA SCIENCE

A Seminar on "Transition towards Data Science" at Vikram Sarabhai seminar Hall of LNCT, on 03/03/2022 Thursday. The lecture was delivered by Mr. Abhishek Ahir (DATA SCIENTIST AT CONVOSIGHT).

## 2. HOW TO CONVERT INTERNSHIP

A Seminar on "HOW TO CONVERT INTERNSHIP TO FULL TIME" at Vikramsarabhai seminar Hall, of LNCT on 24/03/2022. Speaker was Mr.Mayank Chaturvedi (Consulting Engineer CISCO).

## 3. INTERNATIONAL WOMEN'S DAY

On the Occasion of INTERNATIONAL WOMEN'S DAY, Seminar on "WORK BALANCE FOR WOMEN" was conducted on 8th March 2022 at Vikramsarabhai seminar Hall of LNCT. The Speaker was Dr.Lila Simon (BSSS Bhopal).

## 4. INTRODUCTION TO JAVASCRIPT

A Seminar on "INTRODUCTION TO JAVASCRIPT" held at Vikramsarabhai seminar Hall, LNCT on 31/03/2022 Wednesday, for all the second year students. The Speaker was Mr.Aryan Bhardwaj (Google Developer Student Club LNCT).

## 5. EMBEDDED SYSTEM

A Technical Seminar on "Embedded System" held on 07/04/2022 Thursday. Mr. Sudesh Morey (DRMZ) delivered the lecture.

## WORKSHOP

### 1. PLC SCADA

A workshop on PLC SCADA for the students for 3rd semester held on 25 August 2022. The students learnt about how PLC SCADA helps the various industries. The Resource person was Mr. Deepankar Shukla: (project manager).

### 2. IOT DEVICES DESIGN

In association With ISTE CHAPTER LNCT department organized a two day Workshop on "IOT DEVICES DESIGN"

from 29 to 30 July 2022 for the third year students of EC. Resource person was Mr Abhigyanam Giri from Indeyes Infotech Pvt Ltd. In this workshop, the students learned about the development of IOT devices.

### 3. BREADBOARD DESIGNING

In association with ISTE CHAPTER LNCT, Department organized a Workshop on "BREADBOARD DESIGNING" on 14/06/2022. Resource person was Shri Abhigyanam Giri of Indeyes Infotech Pvt Ltd).

### 1. JOURNEY TO GOOGLE

An Interactive session "Journey to Google" held 07/05/2022 for the second year students. The Expert Speaker was Shri Adarash Kumar from Cloud Technical Solutions Engineers.

### 2. MATLAB PROGRAMMING

Expert Talk on MATLAB Programming held on 14 September 2022. The Speaker for the session was Mr. Sudesh Morey, Managing Director DRMZ System Innovations Pvt. Ltd. The session was extremely beneficial for the EC V Semester students as well as for faculty members.

### 3.DRONE FABRICATION

An Expert Talk was conducted on 25 July 2022 on the Topic Drone Fabrication and its Functionality. This Talk was given by Devansh Tiwari a proud Alumni of LNCT Group, presently working as a Team Leader in Orange Business Services. In his session he has discussed about the usage of 3D Printing for Drone Designing, about Aerodynamics, Equipments used in Quadcopter Drone, Designing of Transmitter and Receiver sections and various Problem Statements so as to use a Single Drone for Multiple Applications like Aerial Photography and Video making, Monitoring and Surveillance, in Agriculture and harvesting, in Forensic and Mining applications

### ROADMAP TO CRACK TOP MNC'S

An Expert Talk is conducted on 09/12/2022 over the Topic Roadmap to crack top MNC's for EC 3rd sem students, the talk was delivered by Gantavya Malviya and Skand Tiwari final year students who got selected at Amazon at package 1.1cr and CISCO at 17 Lakh package respectively, they share their journey from first year to final year, preparation for placement and they also share tips to clear interviews.

### INTERNATIONAL CONFERENCE

Department in association with ISTE STUDENT CHAPTER organized and INTERNATIONAL CONFERENCE on "Innovative and emerging Trends in Electrical Electronics and Computer Engineering" at Vikramsarabhai seminar Hall, on 29/06/2022 in offline mode and 30/06/22 online mode.

The main objective of this conference was to provide forum for the researchers, eminent academicians, research scholar and students to exchange ideas, to communicate and discuss research findings and new advances in engineering

The Total numbers of papers received were 200, from the faculties and research scholars and out of which 120 papers were selected for the conference. Selected paper will be submitted to Vigyan Prakash UGC care journal and BJIT International journal of information technology springer Scopus.

Thrust area of Conferences were, AI, Neural Network Control, Automation System VLSI, Renewable energy sources Electrical Vehicle and Signal Processing

## FAREWELL -2022

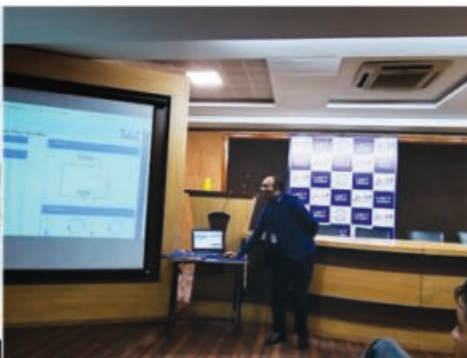

Department organized a farewell SAYONARA on 9 May 2022

## VIRTUAL LAB

A work shop on virtual lab held 26 Aug 2022. The students of 3<sup>rd</sup> sem learned about the Virtual labs, they acquired the knowledge of available virtual labs for various subjects and fields, they also performed experiments related to the different applications of Digital circuits.

Resource person: L N Gahalod (Associate Professor, LNCT EC)

## 2. THE VIRTUAL LAB NATIONAL INSTITUTE OF TECHNOLOGY KARNATAKA SURATHKAL

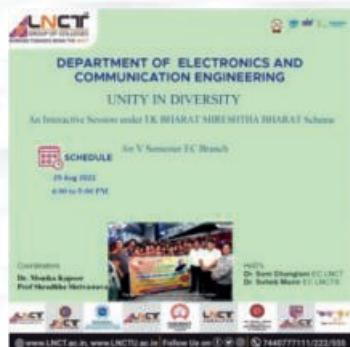

In association with "THE VIRTUAL LAB NATIONAL INSTITUTE OF TECHNOLOGY KARNATAKA SURATHKAL" Department held workshop on 02/06/2022 Thursday 10.30 am. Resource person: Dr. Sheena: (Associate Professor School Of Management NITK SURTHKAL).

3. Dr. L.N Gahalod faculty of Electronics and Communication has nodal center coordinator for virtual lab under NIT Karnataka suratkal

The session was extremely interactive and the students were actively participated in activities performed during the session. These sessions were helpful for the students to deal with their problems and are able to find solutions. In this event around 280 students were participated.

# ENGG. CHEM., LNCT GROUP OF COLLEGES

## Expert Lecture

On, 4th February 2023, Department of Engineering Chemistry, LNCT group, Raisen road, organised an expert lecture on "Inspiration and Destination of Engineering".

The event was coordinated by Dr. Shraddha Sharma, and was co-coordinated by Dr. Anjali Tiwari and Prof. Prashant Pandey.

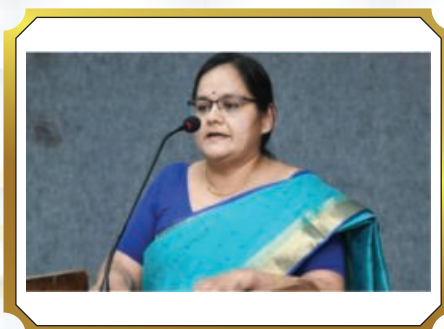

The lecture was delivered by famous eminent scientist and academician \*Dr. Balram Singh, Director, Botulinum Research

Centre & President of Indian Institute of Applied Sciences, University of Massachusetts, USA. He has vast research experience in the field of green chemistry, drug development & nanotechnology.

The event was graced by the presence of Dr Ashok Rai, Director Administration, LNCT; Dr. V.K. Sahu, Principal LNCT; Dr. A. K. Sachan, Principal, LNCTS; Dr Anil Saxena, Principal, LNCTE; Dr. Amitbodh Upadhyay, OSD, LNCTS; Dr Sunil Singh, OSD, LNCT Group.

He taught how students can work on Artificial Intelligence by acquiring knowledge of neurons. They came to know how feedback algorithm can help them in daily life.

His lecture was very insightful and developed much interest among the students.

## Lecture on Mind Management

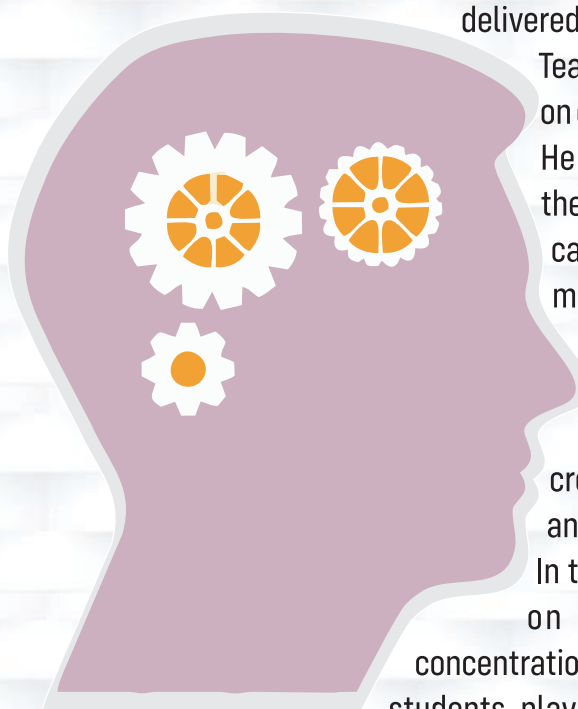

LNCT group, Raisen road organised an expert lecture on " Mind management: Science of concentration design your destiny"on 6th February 2023 in Vikram Sarabhai LNCT Seminar Hall. The lecture delivered by Eminent Speaker, Prof. E.V. Swaminathan Trainer, Teacher, Counsellor, and Consultant with a clear focus on creating a Value-Based Society.

He said "Our mind is the most powerful tool we have for the creation of good in our life, but if not used correctly, can also be the most destructive force in our life. Our mind, more specifically, our thoughts, affect our perception and therefore, our interpretation of reality; we lose control of our mind at home, work, etc." We may start associating with the wrong crowd as a result of our restless and out of control mind and thus leaving us depressed.

In this seminar, Professor Swaminathan discussed tips on how to control the mind, how to enhance concentration, and how to live a happy and peaceful life. He made students play mind games to increase concentration and the students participated in them with enthusiasm.

The session was extremely interactive and insightful Program coordinator (s) were Dr. Lisha Kurup, Dr. Anjali Tiwari, Dr. Arti Malviya, Dr Shradha Sharma. Vote of thanks was proposed by Dr. Amitbodh Upadhyaya.

Indian soldiers were saluted & national anthem was sung at the end of the program. Around 200 students participated in the program.

**Srishti 2023:** To showcase one's innovation and for stimulating the creative mind Dept. of Engg Chemistry, LNCT organized "Eco-Friendly Model Making" competition as a part of 7th edition of SRISHTI 2K23.

Our faculty coordinators Prof. Prashant Pandey and Dr. Sangeeta Dhote along with their student Coordinators Pratham Bankar and Prakhar Khaira structured this event fabulously. All faculties of Engg Chemistry LNCT and student volunteers worked hard for the success of this event. Adding to the stars of this event the judges Dr. Anil Kumar Saxena, Principal, LNCTE and Dr. G. Kumar, Professor, Dept. of Electronics and Communication who are having both Industrial and Academic experience, not only judged the students model but also guided them to increase the prospectus of their work. Special thanks to Dr. V.N. Bartaria sir, Principal, LNCTS who encouraged the students for their creative work.

First prize was bagged by team of Uday Dalal, Vivek Paul, Vidhu Nagwanshi, and Vishal Mehandole 4th Semester, Dept. of Agriculture, Second prize was won by Biswajeet Mandal, 6th Semester, Dept. of Mechanical Engineering while Shivani Parmar of 6th Semester, Dept. of Agriculture rewarded third prize.

## Hackathon WINNERS

On the auspicious occasion of AzadikaAmritMahotsav and the commencement of the Academic Session 2023-2024, LNCT Group has once again demonstrated its triumph as one of our teams from LNCT-University, named "Defense Coder," secured the First Position along with a cash prize of ₹1,00,000. The team achieved this remarkable feat under the guidance of Dr. PrashantChaturvedi and Prof. Priyanka Singh in the "KavachHackathon – 2023," a non-stop 36-hour event held at the nodal center AMC Engineering College, Bengaluru, from August 08 to August 10, 2023.

The competition was organized by MoE's Innovation Cell, AICTE, in collaboration with the Bureau of Police Research and Development (BPR&D) under the Ministry of Home Affairs (MHA) and the Indian Cybercrime Coordination Centre (I4C). The LNCT-University team presented an innovative "Chat Messenger Decryption Tool" as part of the student innovation initiative.

The LNCT Group Hackathon club organized a National Agro Hackathon – 2023 (Nonstop 24 Hours) in association with the Department of Horticulture & Food Processing, Govt. of Madhya Pradesh. In this Agro Hackathon, 250 teams submitted their innovative ideas in the first round. Out of them, the 60 best teams were selected for the Grand Finale, which was conducted on March 31 - April 1, 2023, at the CSE department of LNCT. The participant teams showcased their talent, innovative ideas, and problem-solving skills using the latest technologies under agricultural themes.

The results of the Grand Finale are as follows:

- Winner: Team “PolyPlanterz” from LNCT, Bhopal, received ₹25,000/- prize money.
- First Runner up: Team “Agro-Experts” from AMITS, Gwalior, received ₹15,000/- prize money.
- Second Runner up: “Agro-Squid LPV” from Jaymukhi Institute of Technology & Science, Andhra Pradesh, received ₹10,000/- prize money.

## SDP on TINKERCAD

day Workshop on Precision LASER cutting using RDWorks software was successfully organized at the AICTE Idea Lab in LNCT Bhopal from 13 to 14 June 2022. This program was instrumental in developing an intuitive perspective about LASER cutting and engraving software. This workshop targeted the second semester students of the institute and over 20 students actively participated in the event. The students were provided with a technical detail of RDWorks software for LASER cutting and engraving. Following students participated in the event: -

## पद्मश्री हिम्मताराम भांभू जी का एलएनसीटी में अभिनन्दन एवं उद्घोषण

पद्मश्री हिम्मताराम भांभू जी का एलएनसीटी में अभिनन्दन एवं उद्घोषण : एलएनसीटी के विक्रम साराभाई सेमिनार में प्रसिद्ध पर्यावरणविद पद्मश्री हिम्मताराम भांभू जी का अभिनंद किया गया। यह कार्यक्रम पर्यावरण संरक्षण गतिविधि के अंतर्गत आयोजित किया गया, इस अवसर पर भांभू जी ने स्व लिखित कविता का पाठ भी किया, जिसका शीर्षक था "पेड़ काटने वालों को सभी मिलकर डाटो"।

आपने कहा की हम सभी में ईश्वरीय शक्ति है, आपने कहा की पेड़ भी भगवान है जो शंकर जी के समान प्रदूषण रूपी जहर पीते हैं और बदले में अमृत रूपी आक्सीजन देते हैं। आपने कहा की पेड़ों से ही जैव विविधता, जल, जलवायु है। आपने स्टूडेंट्स से कहा की जीवन का हर पल कीमती है और हम सभी को सुबह उठकर पृथ्वी मां के चरण स्पर्श करना चाहिए और पेड़ों को नमस्कार करना चाहिए।

आपने कहा की पेड़ों से ही जैव विविधता, जल, जलवायु है।

इंडियन इंस्टिट्यूट ऑफ फॉरेस्ट मैनेजमेंट के प्रोफेसर (डॉ) अमिताभ पांडे ने कहां की मानव क्रियाकलाप एवं प्रकृति के बीच हमें समन्वय

# THE INSTITUTE

The LNCT Group established in 1993, striving for academic excellence, research orientation, top quality placements and creating a legacy as a premier institution in engineering, management, pharmacy, Medical science etc. The hallmark of this identity is, not to walk on the beaten path, but to strike new routes; not to benchmark, but to be benchmarked; to be second to none, but to be the first to respond to the needs of the people and the nation; taking up tasks that are bold, but necessary, that which nobody has hitherto taken up. This enterprising and pioneering spirit can be witnessed throughout the history of LNCT.
