

Industry–Academia Collaboration with Sciencetech Technologies Feb 2026

The **Industry–Academia Collaboration with Sciencetech Technologies** strengthened the partnership between academia and industry by bridging the gap between theoretical knowledge and practical applications. The collaboration provided students with exposure to industry practices through expert sessions, technical training, workshops, and hands-on learning opportunities. Industry professionals shared insights into emerging technologies, current industry trends, and career opportunities, enhancing students' technical and professional skills.

Lakshmi Narain College of Technology, Bhopal

Memorandum of Understanding with BSNL May 2026

Our institution has signed a Memorandum of Understanding with Bharat Sanchar Nigam Limited (BSNL) to strengthen industry-academia collaboration and enhance students' technical competencies. This partnership provides opportunities for skill development, industrial training, internships, expert lectures, and exposure to emerging technologies in the telecommunications and networking domain. The MoU aims to bridge the gap between academic learning and industry requirements, fostering innovation, research, and career readiness.

1st Position Secured: Team HEALWAVE Shines at MP Start-up Hackathon

Team **HEALWAVE** achieved a remarkable milestone by securing **1st Position** at the **MP Start-up Hackathon**, demonstrating exceptional innovation, technical expertise, and entrepreneurial vision. Competing against talented teams from across the state, the team impressed the jury with its innovative solution addressing real-world challenges. This outstanding achievement reflects the students' dedication, creativity, and collaborative efforts while reinforcing the institution's commitment to fostering innovation, research, and start-up culture. The department congratulates the entire team on this well-deserved success and wishes them continued excellence in their future endeavours.

The banner features a yellow and blue background. At the top left is the LNCT logo with the tagline "WORKING TOWARDS BEING THE BEST" and "BHOPAL". At the top right is a large "1" with "NO. BY" and logos for "THE WEEK INDIA TODAY Outlook" and "CAREERS360". The word "Congratulation" is written in a large, cursive font. Below it is a photograph of the award ceremony where a man in a white shirt and black vest presents a trophy and certificate to a woman in a brown jacket. Other people are visible in the background. In the bottom left corner of the photo is a smaller inset photo of the team. Below the photo, the text reads: "Team HEALWAVE", "Department of Electronics & Communication Engineering", "LNCT, Bhopal". This is followed by "Secured 1st Position at the Hack & Make Hackathon Competition organised by Madhya Pradesh Start-up". Below this, it states: "In recognition of their outstanding innovation and technical excellence, the team was awarded a cash prize of ₹50,000, along with trophy and certificates." and "This achievement reflects the spirit of creativity, problem-solving, and future-ready engineering nurtured at LNCT, Bhopal." At the bottom, there is a website link "www.LNCT.ac.in" and a phone number "7440777111/222/555" with a WhatsApp icon.

STUDENT TESTIMONIAL

"I am Lucky Kumar, and I feel extremely happy to share that I have been selected as an Analyst Trainee at Deloitte, one of the Big Four companies in the world. It is a proud moment for me, and I am truly grateful to LNCT for providing me with the right guidance and opportunities throughout my journey."

Name : Lucky Kumar
College : LNCT EC
Company : Deloitte
(Analyst trainee)
Package : 4.5 LPA

"I am Zeba Mansoori, and I am extremely grateful and proud to share that I have been selected as a Graduate Engineer Trainee (GET) at JSW Group. This achievement marks a very special milestone in my journey, and I would like to sincerely thank LNCT Bhopal for providing me with a supportive learning environment and valuable opportunities to grow both academically and personally."

Name : Zeba Mansoori
College : LNCT EC
Company : JSW (GET)
Package : 5.5 LPA

"Success becomes even more meaningful when it is achieved with the support of people and an institution that constantly believe in you. I am truly delighted and honoured to share that I have been placed at JSW. This milestone marks the beginning of an exciting professional journey and stands as one of the most memorable achievements of my academic life."

Name : Pragati Kumari
College : LNCT EC
Company : JSW (GET)
Package : 5.5 LPA

"I am Monalisa Sharma. My journey through college has been an odyssey of growth, perseverance, and self-discovery. I extend my profound gratitude to my professors and training and placement department of LNCT, whose sagacious guidance and unwavering encouragement illuminated my path during moments of uncertainty."

Name : Monalisa Sharma
College : LNCT EC
Company : LTIMindtree
Package : 4.05 LPA

"I am delighted to recommend Lakshmi Narain College of Technology & Science, Bhopal for their outstanding placement assistance. Thanks to their efforts, I landed a job at Ashok Leyland. I am grateful to the college training programs, industry connections and personalized guidance which have helped me develop the skills and expertise needed to succeed in my career."

Name : Kinjal Pachori
College : LNCT EC
Company : Ashok Leyland
Package : 7.5 LPA

"My journey in the Electronics & Communication Department at LNCTE has been truly rewarding. The practical learning approach, technical training sessions, and constant guidance from faculty members helped me strengthen my core concepts and confidence. I am thrilled to be placed at LTIMindtree with a package of 4.04 LPA. I sincerely thank to the placement cell for preparing me for every stage of the recruitment process."

Name : Abhimanyu Kashyap
College : LNCTE EC
Company : LTIMindtree
Package : 4.04 LPA

"The learning environment at LNCTE's Electronics & Communication Department motivated me to push beyond my limits and prepare for the corporate world. The placement cell organized mock interviews and training programs that helped me improve my communication and problem-solving skills. I am proud to secure a position at EZE Rail with a package of 3.00 LPA. LNCTE has truly played an important role in shaping my career."

Name : Tanzeena Hussain
College : LNCTE EC

Workshop (Robotics for Beginners) 08-11- 2025.

The sessions covered basic robot components, sensors, actuators, and programming concepts through interactive demonstrations and hands-on activities. Participants gained practical experience in assembling and operating simple robotic systems while developing problem-solving and teamwork skills. The workshop inspired learners to explore robotics, automation, and emerging technologies for future projects and innovation.

Expert Lecture (Microcontroller and their real-world application) 26 Feb 2026

The session explored the architecture, programming, and practical applications of microcontrollers in embedded systems and automation. The expert demonstrated real-world use cases in industries such as robotics, IoT, consumer electronics, and smart devices. The lecture enhanced participants' technical knowledge and encouraged them to develop innovative embedded system projects.

Workshop (Python with Image Processing) 08-09 Sep 2025.

The sessions covered essential libraries, image manipulation techniques, and basic computer vision concepts through hands-on practice. Participants gained practical experience in processing, analyzing, and enhancing digital images using real-world examples. The workshop strengthened programming skills and encouraged the application of Python in image processing and AI-related projects.

Department of electronics and communication has organised two days hands-on-innovative workshop on "Python with image processing" in Association with IEEE student branch STB-14281

Techno ID Hunt 15/09/2025

Participants identified technical clues and solved challenging tasks through a series of interactive rounds. The event encouraged teamwork, quick decision-making, and the practical application of technical knowledge. It provided a fun and competitive learning experience while fostering enthusiasm for technology and innovation.

Poster Making Competition 09/09/2025.

After thorough judgment, the top three winners were declared:

1. Nishith Patel – First Prize
2. Nidhi Patwa – Second Prize
3. Medha Mishra – Third Prize

Expert Lecture (Artificial intelligence (AI), Machine learning, and Deep learning) 26/09/2025

The session covered key concepts, practical applications, and recent advancements in AI, machine learning, and deep learning across various industries. The expert shared real-world examples, emerging trends, and career opportunities, making the topics engaging and easy to understand. The lecture enhanced participants' knowledge and inspired them to explore AI-driven innovations and research in the future.

Lakshmi Narain College of Technology, Bhopal

Workshop on PCB Designing 5/5/2026

The Department successfully organized a **Workshop on PCB (Printed Circuit Board) Designing** to provide students with practical knowledge of electronic circuit design and fabrication. The workshop covered PCB layout design, schematic development, component placement, routing techniques, design validation, and industry-standard design tools. Through interactive sessions and hands-on activities, participants gained valuable experience in designing efficient and reliable PCBs for real-world electronic applications.

Department of Electronics & Communication Engineering

Lakshmi Narain College of Technology, Bhopal

The poster for the 'Workshop on PCB Designing' is displayed. It features the LNCT logo at the top left, followed by accreditation logos for the Institution's Innovation Council, NEA, and NIRF. The text 'TOWARDS BEING THE BEST BHOAPAL' is visible. The IEEE logo is prominently displayed in the center. Below it, the college name 'LAKSHMINARAIN COLLEGE OF TECHNOLOGY, BHOPAL' and the department 'Department of Electronics & Communication Engineering' are listed. The workshop title 'Workshop on PCB Designing' is in large, bold letters. The speaker is identified as 'Mr Abhigyanam Giri' from 'Indeyes Infotech Pvt. Ltd.'. The date '05 MAY 2026' is shown in a calendar icon. The coordinators are 'Dr. M. Zahid Alam' and 'Dr. Amrita Pahadia'. The venue is 'EC department', the time is '3:30PM-5:00PM', and the date is '5/5/26'. The website 'www.LNCT.ac.in' and a phone number '7440777111/222/555' are at the bottom.

Industrial/Educational Visits Conducted by Department

Industry Visit (Airport Authority of India Bhopal) 24/09/2025.

An industry visit to the Airports Authority of India (AAI), Bhopal was organized to provide students with practical exposure to airport operations and aviation infrastructure. Students learned about air traffic management, airport navigation systems, safety procedures, and terminal operations. The visit enhanced their understanding of aviation technology and the functioning of modern airport systems.

Lakshmi Narain College of Technology, Bhopal

Educational Visit IISER BHOPAL 13/10/25

An educational visit to **IISER Bhopal** was organized to provide students with exposure to advanced scientific research and academic facilities. Students interacted with faculty members, visited laboratories, and learned about ongoing research activities. The visit inspired scientific curiosity and enhanced their understanding of higher education and research opportunities.

Expert lecture on Time Frequency Analysis Techniques and Their Applications -20/06/2026

The Department of Electronics & Communication Engineering, LNCT Bhopal, successfully organized an expert lecture and faculty interaction session featuring Prof. (Dr.) Ayush Tripathi, Assistant Professor, Department of Electrical Engineering, IIT Indore. The expert lecture on "Time Frequency Analysis Techniques and Their Applications" provided students with valuable insights into advanced signal processing concepts, emerging research directions, and their real-world engineering applications.

Project Exhibition Expo - 2025 (13-12-2025)

Project Exhibition Expo – 2025 provided a platform for students to showcase their innovative projects, technical skills, and creative solutions. Participants presented working models and research-based projects across various engineering disciplines. The event encouraged innovation, teamwork, and knowledge sharing while fostering interaction with faculty, industry experts, and fellow students.

Project Exhibition 15/06/2026

A Project Competition, providing students with a platform to showcase their innovative ideas, technical expertise, and problem-solving abilities. Congratulations to all participants and winners for their outstanding projects and remarkable efforts. Events like these inspire young engineers to transform ideas into impactful solutions and prepare them for future technological challenges.

Patent Achievements (August 2025 – June 2026)

Innovation and research are integral to academic excellence and technological advancement. During the period from **August 2025 to June 2026**, our faculty members and students made significant contributions by filing and publishing patents in diverse areas of science, engineering, and technology. These achievements reflect a strong commitment to creativity, problem-solving, and the development of innovative solutions with societal and industrial impact.

Patent Details Aug 2025 to June 2026				
Faculty Name	Application No.	Title of the Patent	Filing Date	Publication Date
Dr. Sunny Kumar Jain, Dr. Vijay Yadav	202521072762	Smart Sleep-Mode Algorithm for 5G Small Cells Based on Predictive Traffic Analysis	31/07/2025	3/10/2025
Dr. M Zahid Alam, Dr. Monika Kapoor	202521125241	Smart Antenna-Based Communication System for Interference Reduction in Dense Networks	12/11/2025	23/01/2026
