Expert Lecture Workshop/Event Report July 2023 – June 2024

Expert Lectures & Seminars

Expert Lecture on “How to crack Machine Coding Rounds”

Department of Computer Science & Engineering has organized an expert lecture on “**How to crack Machine Coding Rounds**” in association with IEEE student Branch & IIC. The speaker of the talk was Mr. Pranav Malik, Software Development Engineer, Microsoft Delhi.

The poster is for an event titled "Expert talk On How to Crack Machine Coding Rounds". It features a portrait of the speaker, Mr. Pranav Malik, a Software Development Engineer at Microsoft Delhi. The event is organized by the IEEE Student Branch & IIC in association with LKSHMI NARAIN COLLEGE OF TECHNOLOGY, BHOPAL. The poster also lists the Faculty Coordinator (Prof. Hitesh Gupta and Prof. Puneet Nema) and the HOD (Dr. Sadhna K Mishra, Dr. Bhupesh Gour, and Dr. Vivek Richhariya). The date is 12th Aug 2023, and the time is 3.00 to 4.45 PM. The venue is Vikram Sarabhai Seminar Hall LNCT. The poster includes logos for LNCT University Bhopal, IEEE LNCT, and various other institutions. At the bottom, it provides the website www.LNCT.ac.in, social media links, and a contact number 744077711/222/555.

online quiz

Department of Computer Science & Engineering has organized an online quiz on the occasion of constitution day 26 November on 20 December 2023. The quiz was conducted online, allowing wide participation from students across different programs. The quiz focused on the Indian Constitution, its history, significance, and key aspects, aiming to increase awareness and understanding among students. Students actively participated, demonstrating their knowledge and enthusiasm about the Constitution and its importance.

Tech Talk on “Unlock The Power of Engineering!”

Department of Computer Science & Engineering in association with Institute Innovation Council (IIC)) has organized a tech talk on “Unlock The Power of Engineering!” with Mr. Sumit Singh Rajpurohit, founder & CEO of Last Moment Tutions, on 31 October 2023.

The session focused on the importance of technical skills, problem-solving ability, innovation, continuous learning, and industry readiness. Students actively participated in the session and interacted with the speaker through questions and discussions.

The talk motivated students to develop strong technical and practical skill .and explore emerging technologies and career opportunities.

Industrial Visit

Under the supervision of **Prof. Susheel Kumar Gupta**, the students of the **Department of Computer Science & Engineering** visited **Netlink, Bhopal** on **28th March 2024**. The industrial visit provided students with valuable exposure to the corporate work environment and practical applications of computer science and emerging technologies.

During the visit, students interacted with industry professionals and gained insights into **software development practices, industry requirements, technological trends, and career opportunities**. The visit helped students understand the practical implementation of concepts learned in the classroom and enhanced their awareness of professional skills and workplace practices.

The interaction with industry experts motivated students to strengthen their **technical knowledge, problem-solving abilities, communication skills, and industry readiness**, thereby bridging the gap between **academic learning and real-world applications**.
