My journey at LNCT pursuing B.tech in Mechanical engineering has been completely transformative. The department's emphasis on practical learning, Modern Workshop and core engineering concepts build professional founding foundation for me incredibly proud to share that I have been placed Canfonomics Design Ventures" a leading firm Specialized in HVAC Solutions. This achievement is direct result of the continuous guidance from our faculty and outstanding preparation provided by the LNCT Placement cell. . My experience with the Institution has been excellent. The learning environment practical training and placement preparation Sessions were extremely helpful.
