My journey at the **Lakshmi Narain College of Technology (LNCT), Bhopal**, pursuing a B.Tech in **Mechanical Engineering**, has been nothing short of transformative. The rigorous academic curriculum, combined with the continuous guidance and support from our professors and the Training & Placement Cell, provided me with the solid technical foundation and professional skills needed to excel in the industry.

I am incredibly proud and thrilled to share that I have been placed with **Vardhman Textiles Limited** through our college campus placements. This achievement is a direct result of the immense exposure, mock interviews, and pre-placement training sessions organized by the institution.
